Ā āMoney & CareerĀ (Upright) āreport this adThe Hermit in a career context can indicate may suggest that you are putting too much focus on your career or money and materialistic pursuits, rather than sharing your attention between activities that will leave you feeling fulfilled on all levels. It can also indicate that you are wondering if you are in the right career. Money and materialism may no longer be enough to motivate you and you may find yourself seeking a new more satisfying career path. A Financially, now is a time to be mature in your approach to money and investments.āHealthĀ (Upright)āThe Hermit in a health context indicates overdoing things may lead to health issues. If you find that you're rushed off your feet, never having a minute to take a breath, The Hermit suggests that if you don't make time for yourself to rest and reboot your health may suffer. Give it a break. Even taking a few minutes every day to meditate or just clear your mind and connect with how your body is feeling would benefit your health at this time. The overall theme of The Hermit is spiritual enlightenment so now is the perfect time to engage in spiritual activities. Whether it's meditation, energy work, psychic development or connecting to your own spirit guides you are coming into a time of incredible spiritual growth. You may find yourself seeking solitude or isolating yourself in some respect. However, you should use this time to focus on growing your spiritual side and allow yourself to take this time out to listen to your inner guidance as it will be very rewarding for you on a spiritual level. Ā Ā Ā ĀReversed Meaning GuideThe Hermit Reversed Tarot CardĀ Key Meanings:Loneliness, paranoia, isolation, bring reclusive, withdrawal, anti-social, restrictive, paralysed by fear. General meaning and interpretationĀ (Reversed)āThe Hermit Tarot reverse cardd suggests that youtaken away from the world or is becoming very inmate. Loneliness may have been necessary or good for you at one point, but the reverse hermit is saying it is time to return to the world and to the people around you. Taking time for soul search and self-reflection can be a great thing in moderation, but much can be harmful. At some point, you need to draw a line under things and move forward, this main Arcana card in reverse position indicates that now is this time. It may also indicate that you may be feeling shy or apprehensive for being in social situations. Don't be afraid to go back there. Alternatively, the hermit in reversal may indicate that you are completely avoiding self-reflection, because you are afraid of what you will find if you look inside yourself. It can be an indicator of getting too tight with someone or something or too rigid and restricted in their views. If you are in a relationship, it suggests that you may be feeling out or rejected by your partner. You can also indicate that you and your partner are so busy that you don't have time to connect. This may be leading you to feel alone, even if you are in a relationship. It may also suggest that a person withdraws from a relationship while the other is still trying to cling to it. If you are single, the reverse hermit may indicate that you fear being left on the shelf or feel that you may have lost your window of opportunity to meet someone special. The hermit on the contrary may indicate that it is now time to start looking for love after being single for a long time. You need to put aside your fears and put yourself there again. If you have recently finished with your partner, it can be a sign that you want to come back with your ex-money, adln a career context The Hermit reversedĀ Ā can indicate that itēĀĀĀs time to start puttingĀ Ā yourself out there career wise and making business connections after a period of working in solitude. You may be finding it tough to work alone and would benefit from doing some team projects or doing some consultancy work which will encourage you to interact with more people in your chosen field. Financially, now is a good time to seek the advice of a wiser, more mature person on investments or money. DoneĀĀĀt jump into things you doneĀĀĀt understand where money is concerned. Ā ĀĀ ĀĀĀĀHealthĀ Ā(Reversed)cĀĀĀThe Hermit Tarot card reversed in a health context can be an indication of mental health issues such as agoraphobia and paranoia. It can also be a stronger warning than the upright card that you need to take time out to relax or your health may suffer.cĀĀĀSPiritualityĀ Ā(Reversed)cĀĀĀThe Hermit reversed in a spiritual context indicates that you may be spending too much time alone. Your spiritual development would benefit if you got involved activities or groups. Maybe a meditation class, a reiki share, tarot reading circle or even a yoga class would be helpful now. Solitary spiritual work is great but you also need to connect with others.cĀĀĀ The Hermetic Tarot by Godfrey Dowson is a masterpiece. The tone of the deck and DowsonēĀĀĀs artwork invokes the full spectrum of powers within the tarot practitioner for spiritual divinatory work. As a Golden Dawn study deck, the card images are fundamentally focused on alchemical and astrological references such as the decans in the Minor Arcana, with the deck outfitted for theurgy. It can be integrated into personal rituals, meditations, and ceremonies and in fact is probably far better suited for such work than, say, the Marseille, Rider-Waite-Smith, or even the Thoth decks. Godfrey Dowson draws heavily from elemental dignities and affinities, Western astrology as interpreted by the Golden and Qabalah. Alchemical symbols corresponding to the four elements and astrological symbols are incorporated into each card to denote the assignments. In the Major Arcana, the corresponding Hebrew letter of the Key appears in the upper left corner. In the court cards, the alchemical symbol corresponding to the classic element that the card itself represents appears on the upper left and the symbol of the corresponding element to the suit appears on the upper right. The Knight of the Swords, for example, represents the Fire (for the Knight) in the Air (for the Suit of Swords). For practitioners who adopt interpretative methods dependent on elementary dignity and affinity, this is a gift. The back of the letters are illustrated with the hermetic rose and hexagrams. As they are not reversible, it may not be an ideal deck for reading with reversals. That being said, the small white booklet accompanying the Hermetic Tarot provides the meanings of the letters in the "ill-dignified" position, as reversals are called in the booklet, which suggests that the deck is, however, intended to read with reversals. The anatomy of the Hermetic Tarot is the same as the Rider-Waite-Smith (RWS) (e.g., VIII is the Force and XI is the Justice or its equivalents) and there is a substantial crossover of signed card meanings to make the Hermetic Tarot friendly to anyone familiar with the RWS. At the end of this deck review are matching tables that compare the RWS with the Hermetic Tarot. Note the card titles assigned to each card on the air deck. The essences of the cards as denoted by the titles are almost transferable to the RWS. In addition, some images in the Hermetic Tarot are reminiscent of the Thoth, such as Key 12, The Hanging Man, Four Cups, or Ten Wands, among others. Practitioners who use Thoth will be home with the Hermetic Tarot. Overall, the Airborne Tarot combines manyElements of the RWS and the Esotent Nature Haute of the Thoth for the creation of an incomparable convening that every Tiraā practitioner will want in his arsenal. While I found the dysfunctional convening when reading worldly questions about the perspectives of a romantic relationship or whether a promotion will be given at work, the hermism tire can be consulted when a search engine needs to channel or touching greater universal life forces for personal empowerment. Thus, if the inquiry is more focused on what the largest forces are in play in the love life of a seeker, the hermism piraā can respond better than the standard decks. In order to ask if a promotion will be given at work, if the seeker asks about the larger c. Empowering. A reading spread that takes well to the hermetic tarot is the triquetra spread. It is a simple spread that is based on only letters, that will continue reading with the harmful tiran under control, such as the convenience is black and white and intensive detail. Just try to read a Celtic Cross has spread with the Hermian Tiraā and will become immediately apparent because it limits the number of cards and maintaining the message of the focused and intense cards is the best goal when using hermism. Trichetra Spread is based on the triquetra sambo, a samble that is significant for many philosophies and religion. It represents a trinity of forms that combine in a unit. For example, the Father, the Son, and the Holy Spam in Christianity; the triple goddess in neopaganism; or the three promises of a relationship: love, honor and protection in Irish tradition. It can also represent the three parts of the Freudian psanic device, the ego, superego and the id. Here, the triquetra samboo is invoked to draw the Trinity of Costmic Forcers that the seeker must o .metsys eviterpretni nwaD nedloG eht no kced torat evitcurtsni tnenimeerp eht sa lla revo sliaverp toraT citemreH sĀĀĀnoswoD, nosirapmoc on si ereht em roF .J8002(itsilegnavE oizirtaP & itreB onadroiG yb nwaD nedloG eht fo toraT yrotaitniĀ eht ro j7791(gnaW treboR & eidrageR learsI yb toraT nwaD nedloG eht dna toraT citemreH eht neewteb snosirapmoc eb lliw ereht ybiatveniĀ, dnah ta melbop eht no kniht of meht esu dna edutilos ni sĀrac nward eerht eht revo etanimur nac uoY, evitcepsortni si gndaer eht esuaceb flesruoy rof gndaer nehw evitceffe si daerpS arteuqirT eht htiw toraT citemreH eht gnisU, melbop sĀĀĀArekees eht ot noitulus 1 fo stecaf 3 eht era esehT, evitdisp eht rof emotuo reh ro sih egnañc ot rekees eht rewopme lliw taht secrof fo ytinirT eht morf seiratingID ro, sigabM, sdrol, detceles eerht eht dnah ta noitautis eht revo ecneullni evah secrof lasrevinu talhw renolitcarp eht ot gntacidni ni lufpleh ylesnenmi era selit draC eht esuaceb daerpS arteuqirT eht ot llew flesti sdnel toraT citemreH eht, eno era taht seidob tcnitsid eerht stneserper, ytinirT yloH eht fo tpecnoc lacitsym eht ekil, ecrof nairatinirT eht, retsam ot rekees eht rof eno gningellahc tsom eht ylekil si ti, secrof 3 eht fO, ecrof nairatinirT eht fo trap lanif eht ro, tiripS yloH eht, di eht stneserper 3 draC, rehtaF eht htiw sdnopserroc ti, suoisnocnu evitcelloc eht ro, esrevinu eht fo redro eht, ogerepus eht stneserper 2 draC, nos eht htiw sdnopserroc ti, noitubirtta ytinirT yloH a nl, suoisnocbus nwo sĀĀĀArekees eht ro, fles eht, oge eht stneserper 1 draC, evoba detartsulli redro eht ni arteuqirt a fo noitamrof eht ni nwod tes era sdrac eht, JĀĀĀSĀĀĀĀ(drac reifingis ro rotacifingis eht dnura decalp dna nward era sdrac eerht, gnillfuhs retfĀ, dnura keul reh ro sih gnninur rof laicure era secrof tahw rekees eht ot slaever daerpS eht, dnah ta noitautis reh ro sih fo lortnoc ni yats ot redro ni the angelic references, the 10 sepirots of the Tree of Life, the astrological, numerological and elemental symbolism challenge me to advance my own scholastic tarot studies and related metaphysical sciences. It is a must-have for any tarot practitioner subscribing to the Golden Dawn system. Everything I said, the Hermetic Tarot is better used for spiritual reflection and meditation than daily tarot readings for the public. It is an introspective deck, which helps indispensably take advantage of your personal power or touching the universal unconscious, but I cannot imagine how exhaustive it would be in mental faculties to have a tarot reading party with the Hermetic. ***** ARCANA BODIES Key RWS Hermetic Card Title 0 Fool The Foolish Man The Spirit of Ether.
