During my trip to the UAE, I made many local friends and to my surprise, they all used the BOTIM program. That's why I was very happy to see that the Botim gadget had the ability to create a group based on your hobbies and other factors. I created a group of my friends from the UAE where we communicated and communicated and became even closer despite being separated by seven seas. Botim Group Talk allows up to 500 group members. If you are an administrator of a BOTIM group, you have several permissions where you can add or remove members, change the group image and description, and even mute noisy members. Perfect audio call quality, to my surprise the audio call quality of Botim Gadget was much better than the ones I used before. There was no interference, no noise, no echoes and no conversations, so I preferred to accept the scheduled call to the UAE. Voice call quality in the US used to be the same as in the UAE. now it's called service. 24/7 video calls I was doubtful about BOTIM video calls as the ones I used before were very high quality, but I have to admit that all my doubts disappeared when I called my family in the US from the UAE 3G network. Video resolution was crisp and clear; I heard them well, and so did they; There were a few dropouts on 3G, but I didn't expect the Botim video calls to be this good. All the best for that!
